EPPS'S COCOA

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavoured beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

REFORM CONVENTION.

A largely attended meeting of the Reformers of Addington was held at Harrowsmith on May 10th. Representatives were present from the various parts of the large riding, including the more prominent Reformers from the various townships and villages.

Proceedings commenced with a few remarks from Mr. Jas. Aylsworth, who gave the reasons for calling the convention, viz: choosing a candidate favorable to the Mowat government, and electing officers of the Reform Association. Time would doubtless be afforded later, for attending to Dominion matters, consequently the present meeting could devote its attention to the provincial election.

On motion it was decided to nominate candidates as the first order of business.

H. M. Deroche, of Napanee, was nominated by E. H. Perry, of Camden, and F. H. Halliday, of Palmerston.

F. H. Halliday, Palmerston—Norman Clark, Sharbot Lake, and James Tallon, Arden.

E. H. Perry, Camden—Peter Finn, Hinchinbrooke, and John McGrath, Camden.

J. B. Aylsworth, Newburgh—H. M. Deroche, Napanee, and Geo. Howes, Hinchinbrooke.

W. J. Donaldson, Palmerston—James Moore, Palmerston, and Dr. Elkington, Palmerston.

John S. Miller—Matthew Shaanon, Centreville, and Peter Vandewater, Centreville.

Dr. Coutlee, Sharbot Lake—J. M. Smith, Tamworth, and R. Burke, Oso.

Alfred Martin, Moscow—R. H. Peters, Enterprise, and Dr. Vrooman, Yarker.

F. H. Wartman, Colebrook—Alvin Jackson, Enterprise, and John McAvoy, Newburgh.

On motion it was decided that the gentlemen nominated address the meeting. be-

NEWS FROM THE COUNTRY

NAPANEE MILLS.

The Paper mills are running full time. Already the pressure of constantly increasing orders is felt.

The new roller system in the grinding department in the cement works has been completed and is giving perfect satisfaction. The McKeown Bros. of W. and J.G. Perry, Peterboro, who had the contract have gone home.

During the big storm of two weeks ago Saturday one of the Paper Co's. houses, recently occupied by Isaac Cornwall but now vacant, was struck by lightning.

Mr. John Boyce has returned home after his western trip during which he disposed of his real estate at Merriton.

Mrs. Jackson and family, of Yarker have been visiting her mother, Mrs. Hill, during the past week.

NAPANEE MILLS.

The fields and trees never before presented a more promising outlook both for grain and fruit.

Mr. Garrison is slowly recovering. Business is booming in grand style, both in paper mill and cement works, the superintendents, Messrs. Crabtree and Allen, being gentlemen in every sense of the term and possessing a thorough knowledge of each respective business.

The Hon. E. W. Rathburn called upon Mrs. E. Bravender on Tuesday last to say good-bye.

Rev. Mr. White's return from his recent examinations is anxiously looked forward to.

Mr. Perry, law student of Napanee, will supply for the Rev. White on Sunday next at C. M. church.

Beaver Tobacco is absolutely clean, and is the only gentlemen's chew 12cm

CENTREVILLE WEST.

Weather beautiful at present. Rain much needed. Planting nearly completed. Washing sheep next on the program.

Hugh Donnelly has again secured the contract for drawing the season's make of cheese from Croydon to Newburgh.

M. C. Murphy of the firm of Stickney and Co. Newburgh, has made his annual detour through this section, any one wishing a first class machine should place their order with him, farmers should patronize a home industry.

There is every prospect for a large fruit crop this season.

Thos Donnelly spent Sunday with friends in town. James Lorent of Croydon paid friends here a brief visit. Jas. Walsh of Cloyne was renewing old acquaintances here last week.

—Rheumatism Cured in a Day—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Detlor & Fulton, druggists.

VIOLET.

Farmers have finished seeding and the crops look fine after the recent rain.

Quite a number from here attended Miss Alexander's concert at Odessa, and were well pleased with the singing and recitations.

John Valentine was thrown from his horse and sprained his ankle badly.

DENBIGH.

Mr. Chas. Both is hard at work getting his blacksmith shop finished, and will be able to begin blacksmithing in a few days. He is likely to do well here, and there is considerable work already waiting for him both from Denbigh and Vennachar.

Wm. Chatson has the cellar for his new house nearly finished, but is progressing more slowly with his house building than he expected, as carpenters are scarce here at present.

The weather has been exceptionally favorable for farming operations this spring and a large amount of spring grain is being sown.

Mr. Ferdinand Falk, of Arnprior, has finally decided to move to Denbigh with his family. His father-in-law, Mr. Edward Petzold and his brother-in-law, Mr. Reinhold Petzold, will go after them in a few days.

Mr. Chester Bebee, of Vennachar, in coming to Denbigh after Dr. Yones to attend a sick child, had a serious runaway a few days ago, caused by part of his harness breaking in going down birch hill. The horse was badly hurt and the buggy considerably damaged, but Mr. Bebee escaped personal injury.

Mr. Andrew Cowan, one of the first and most respected settlers of the township of Denbigh, died on Thursday last, after a short but very severe illness, at the age of 55 years. The esteem in which the deceased was held was shown by the unusually large number who followed his remains to Vennachar cemetery on Saturday.

Messrs. Wm. Lane and Paul Stein attended the Liberal convention at Harrowsmith, and returned home well pleased with their trip. Mr. Stein took occasion to visit friends at Napanee and Deseronto at the same time, and combined business with pleasure, purchasing a shingle machine and jointer from Mr. George Black, of Tamworth.

PATRON MEETING.

During this week the Patrons of Industry are holding various meetings in the county, the object being to educate farmers as to the patron platform. On Wednesday a meeting was held in the town hall at Odessa, which was attended by quite a number of the electors, Messrs. Symington and Meacham were also present. The patron nominees for the local house, Mr. Oliver, was chairman of the meeting and invited Messrs. Meacham and Symington to the platform. Mr. Oliver opened the proceedings, Mr. G. A. Aylsworth followed and then Mr. Mallory, president of the organization made the speech of the evening. Both the governments of Sir Oliver Mowat and Sir John Thompson were considerably called to account, many of the severe strictures delivered being perfectly true. Mr. Mallory does not indulge in any mud throwing, however, and his criticisms, though keen and incisive, were wholesome. In particular we commend that portion of his address relating to millionaires. He said where one millionaire lived and thrived hundreds of paupers were the necessary outcome. That it was impossible for any man to become a millionaire by honest toil, or honest business. Against the superannuation and gratuity systems, he also spoke some severe words. He said the farmer, after a life of toil, was not superannuated. He must save for himself or go to the poor house, and every one should be made to do this. The superannuation system was a direct incentive to extravagance of all kinds.

Dr. Meacham made a few remarks as to Mr. Mallory's objections to some of the legislation enacted at Toronto, and defended the present Government's course on some

ginning with the last named, and going back over the list, and that a ballot be taken.

Mr. Wartman was therefore the first speaker, and declined the nomination in favour of Mr. Deroche.

Mr. Martin followed in declining the nomination, but would support the choice of the convention.

Dr. Coutlee had no ambition for parliamentary honors just at this time, and would support the choice of the convention.

Mr. Shannon spoke for Mr. Miller and withdrew the nomination.

Mr. Donaldson withdrew as not anxious for parliamentary honors.

Mr. J. B. Aylsworth, while thanking his nominators for the compliment, was somewhat diffident, as he was a Patron; he was told that as such he should not attend this meeting, but as he was anxious to see the friends he was present. Moreover as a Liberal he was there to show his sympathy with the government of Sir Oliver Mowat. He could not accept a nomination, however, if he were chosen, and withdrew in favour of the choice of the convention.

Mr. Perry said his only intention in being present was to induce Mr. Deroche to accept the nomination. If Mr. Deroche declined he would be in the hands of the convention. He was, like Mr. Aylsworth, a Patron, and was in thorough sympathy with the government of Sir Oliver Mowat, and if chosen and elected he would not vote want of confidence in the present ministers.

Mr. Halliday said he would leave his nomination in the hands of the convention. If he was chosen he would do his best to redeem the riding, and believed if the Liberal party worked together he could be elected.

Mr. Deroche made a very friendly and stirring speech, referring to the pleasant relations that had always existed between himself and the electors of Addington. He believed that a supporter of the Mowat government could be now elected if a strong effort were made by the Liberal party. He regretted that circumstances should be such that he was not able to accept the nomination if he should be chosen. He could not forget the warm support his friends in Addington had always given him, nevertheless he must decline the nomination. The one bright spot in the history of Addington of late years was the election of Mr. Dawson, who had done the county credit, and was now well-known not only in his own riding, but over the whole Dominion. Mr. Halliday had, he believed, by his plucky fight at the last provincial election, prepared the way for Mr. Dawson's success. Mr. Deroche, in conclusion, deprecated there being any ill-feeling as to who should be nominated. As their opponents were going to spare no efforts to overthrow the Mowat administration, the meeting should give its cordial support to whoever might be nominated. He firmly believed that by hard work, Addington, which had virtually not been represented at all during the past few years, might be redeemed and a member sent to support the most honest and capable government that had ever ruled in any province of the Dominion.

A ballot was taken as to Messrs. Perry and Halliday, and Mr. Halliday obtained a majority of the votes, and his nomination was made unanimous.

Mr. Halliday thanked the gentlemen present for the confidence placed in him for the second time. He endorsed what Mr. Deroche had said that the riding could be redeemed in the interest of good government, but it could only be done by a very united effort. At last election upon a correct return the contest was lost only by about 23 majority, therefore a little more work would certainly secure victory.

Mr. G. W. Dawson, M.P., on suggestion of Mr. Deroche, addressed the meeting, and was sure if Mr. Deroche had accepted the nomination four years ago victory would have ensued. Mr. Halliday was then the candidate and had nearly secured a victory. Mr. Halliday was now the candidate and as he was willing to accept the nomination, which his friend Mr. Deroche could not do, they should put their shoulders to the wheel and give him that hearty support which would result in his election. Mr. Mowat was without doubt the ablest man in the Dominion, and had he given his attention to law purely, doubtless he would to-day have been a very wealthy man, in receipt of fees far exceeding the allowance now made him as premier. His administration has been fair, just and reasonable. He (Mr. Dawson) agreed with the platform of the Patrons and Liberals can stand together on the same platform, and work harmoniously for the same ends.

The election of officers was then proceeded with. Mr. Deroche in the chair.

Mrs. Sarah E. Bockus died at her residence near Hallowell Mills, on Sunday last, aged 77 years and 8 months. Mrs. Bockus was the widow of the late Nelson Bockus, and daughter of the late Hon. Simeon Washburn. The funeral took place on Tuesday last, to Glenwood cemetery, Picton.

Mr. John McCormick, Brownville, N. Y., late of Yereville, this county, has our most sincere sympathy in his triple bereavement. His aged father, Hugh McCormick, a man respected and liked by all who knew him in this county, and his little son Johnnie, two years old, were run over and killed by a passenger train on the Rome, Watertown, Ogdensburg R. R., at Brownville, N. Y., on Friday, May 4th. Mrs. McCormick, mother of John McCormick, sr., was ill at the time of the accident, and, overcome by the shock of her husband's and grandson's deaths, she died the following day, May 5th. Mr. and Mrs. McCormick were each 75 years of age.

There died in Picton, on Tuesday, May 8th, of acute pneumonia, James Gray, lately manager of the Merchant's Bank, Perth, aged 74 years. Mr. Gray, during his short residence in Picton, has made many warm friends by whom he will be greatly missed. He married Miss Mary M. Moore, a daughter of the late Dr. Moore, of Picton, thirty-six years ago. Mrs. Gray departed this life January 1898, and Mr. Gray has been in delicate health ever since.

of the laws objected to by Mr. Mallory.

Mr. Symington followed and called attention to the vast undeveloped wealth lying in the northern part of the province, objecting to the Patrons' platform of not assisting railways to open up this territory.

Mr. Mallory replying to this part of Mr. Symington's address said the Patrons did not object to railways being built by the local Government, but the Government must own and operate them in the interest of the people.

OBITUARY.

AGNES MAY LUCAS.

After a brief illness Miss Agnes May, daughter of Daniel Lucas, South Napanee, passed away on Monday last, aged 22 years, 10 months and 12 days. Deceased was a young lady of good character and christian spirit, and was well liked among her friends and acquaintances. During the time of the Crossley and Hunter revival, a year ago, she was one of the first to step forward and has since been a member of the Western Methodist church. For some time she had complained of a pain about her heart but thought it was nothing serious. On Saturday evening she went for a walk down town during which the pain came on again, and she entered a drug store with the intention of getting something to relieve it. But while she was seated waiting to be served she felt so much relieved that she went out without the medicine. Sunday morning she was taken home and on Monday about 1.45 p.m. died. Doctors' aid had been sought but was of no avail. An ulcerated and bleeding stomach, which gradually drowned the heart, was the cause of death. The funeral took place on Wednesday last to the Western Methodist church, thence to the Vandebogart cemetery, and was very largely attended.

Presentation and Address.

To Mrs. W. H. E. BRAVENDER.

Our much respected friend and co-worker: We cannot permit you to leave our circle without some token of our appreciation of your many merits. It causes us sorrow that circumstances necessitate the removal from our midst of you whom we will ever cherish in our memories for your true womanliness and worth, your zeal for the Master, your activity in all things pertaining to the welfare of the community and your many sympathetic words and deeds to the suffering and afflicted. During the many years of your life spent amongst us we have always felt your influence to be uplifting and ennobling, and we feel assured that by those same christian attributes you will win the respect and esteem of those among whom your future lot will be cast. In accepting these volumes, receive them as mementoes of the pleasant associations of Napanee Mills, and may heaven grant that in your new home amidst most auspicious surroundings, earth's choicest blessings may be heaped upon you, and that many added years may be yours to guard the tender years of those brilliant ones entrusted to your care. Our last and best wish is that a joyous welcome may await you in that home on high where partings are no more.

Messrs. Boyle & Son have put in a new steam ironer and polisher in H. Granges laundry. It works like a charm and Hugh is now able to turn out work the same as Toronto firms.

It will soon be here. Prepare for the hot weather by using gas stoves, the latest one out now in operation at Boyle & Son's store, boils a tea kettle 107 years old in 7 minutes. Go and see it work.

In Mr. Hulet's show window is exhibited a very fine display this week including some very fine large work taken direct by that new lens of his, which is a dandy. An excellent life size crayon portrait of the late Mrs. Hamilton Armstrong and also Mr. George Snider are shown. They are all speaking likenesses and a credit to any artist.

labored hard to convince their readers that the P. P. A. is a Grit organization; but whenever a P. P. A. seeks the nomination of a Tory constituency the "party" candidate is soon dropped, as was the case the other day with Cardwell, where Mr. Hampell, the present member, secured only about 60 votes out of an attendance numbering 170, the P. P. A. candidate securing the nomination.

The Toronto News says:—"Ottawa is different from any other city in Canada. There, business integrity and high character count for nothing in favor of those who are out of 'the swim';" neither does the fact that a man beats his tailor, robs his butcher and plunders his grocer count against him if he is in it."

"The direct result of all this is that there is a general attempt to imitate the magnificence of Rideau Hall. To the wealthy business man, or the high official with a rich wife, this is not a particularly serious matter; but to the poor clerk it means days spent in planning how to obtain that for which he is unable to pay and nights made restless by worrying over still greater troubles to come. Even the Ministers—some of them at least—feel the strain to such an extent that a salary of \$7,000 a year and expenses is barely sufficient to keep the bailiff from the door."

"No wonder that dishonesty flourishes like a rank weed in such an atmosphere. No wonder that all old-fashioned ideas of right and wrong are forgotten. No wonder that members of the Cabinet charge thousands for personal expenses and refuse to show vouchers; that some officials accept from contractors jewelry they are unable to pay for, and that others charge ten dollars a day for living expenses while drawing upon the country for board, berths, and passage money under another head."

ONTARIO DAIRY FARMING.

Princess and Premier may wed. At least Dame Rumor says that the Earl of Roseberry, the "Grand Old Man's" successor, and Princess Maud, the youngest daughter of the Prince of Wales, are engaged. The Princess is by far the best looking of the three sisters, and would be considered quite pretty, even did she not belong to the Royal family. But, though only 24 years of age, thoroughly well educated, a good rider and fencer, her most estimable quality and useful accomplishment is that she is as excellent a maker of butter as her mother. She comes honestly enough by that talent through her Danish mother—the little sea-girt kingdom in northern Europe being justly famed as the home of the best butter-makers in the world. What a splendid example as a prospective wife the Princess Maud sets the young women of this great farming country.

It does not necessarily follow that every pretty girl who can make the best of butter—even beat her mother at it—will catch a premier for a husband, though that would be none too good a thing to happen her, but her chances in the matrimonial market of getting a prize should and undoubt-

NAPANEE, FRIDAY, MAY 4, 1894.

GRIP likens the Patrons of Industry
 to a fifth wheel on the coach of Reform.

THE News holds Rideau Hall respon-
 sible for this bad state of affairs; but
 to our mind the many evils complain-
 ed of may be more directly traced to
 to a corrupt government.

A GERMAN steamer arrived at South-
 ampton the other day with more steer-
 age passengers than the law allows.
 This shows that a great number of
 people are now leaving the States for
 Europe, which is quite a change from
 the usual movement of emigrants.

THE old duty on imported books,
 and all the better kind of books are
 imported, was 15 per cent. The hum-
 bugs at Ottawa could not leave this
 alone; but have made the duty 6 cents
 per pound, thereby unsettling trade,
 and increasing the tax on knowledge.

THE Mail is in trouble as to who
 shall succeed Sir Oliver Mowat when
 he "retires." As Sir Oliver enjoys
 good health, and his followers are as
 numerous and "loyal" as heretofore, the
 Mail seems to be needlessly borrowing
 whatever anxiety it may have as to
 the succession.

MR. R. W. PRITTLE writes to the
 Empire "that the conduct of the
 Ontario Government reminds him of
 the fable of the Old Man and his Ass.
 We have no object to the government
 being compared to an old man; but it
 is scarcely courteous to infer that the
 opposition is an Ass.—Globe.

It appears that Sir John Colomb
 has complained that Canada contrib-
 utes nothing towards the defence of
 the Empire. The mail says this is
 not so, that the militia costs over a
 million a year, and that when we can
 afford to do so, some assistance may
 be given in naval expenditure, but we
 may remark that if the empire has to
 wait until Canada can afford to give
 assistance, the waiting promises to be
 long—longer than this generation will
 live.

The tariff bill still lingers, and what
 little there is left of Mr. Foster's revised
 list when the tinkering is over, will
 not be discernible to the tax payer.
 The Red Parlor is proving itself to be
 stronger than the Government; and
 the re-imposition of specific duties is
 becoming more evident as time rolls
 on. If the tariff is not a tax, why did
 Mr. Foster propose certain alterations
 to lighten the burdens of the people,
 and if the Government is not controlled
 by the Red Parlor, why are those re-
 mitted duties being re-imposed?

Derby is acknowledged to
 be the best Plug Smoking
 Tobacco in the market, 5, 10
 and 20 cent Plugs.

Dairying—the making of butter and
 cheese—is the agricultural art above
 all others that modern science and in-
 vention, coupled with the distance-
 destroying steamship of to-day, have
 placed in the very fore-front as a pro-
 fitable branch of farming in Ontario.
 Deep-set milk-pans, power cream sepa-
 rators, the Babcock milk-tester, im-
 proved churns, new apparatus and
 processes for cheese-making, as well
 as a better system of packing butter
 for shipment to far away markets, not
 to mention minor details in which de-
 cided advancement has been made,
 have practically revolutionized the
 dairy business.

Then the slow but sure "breeding-
 up" process going on in the average
 milch cow of the Province through
 judicious blendings with the best blood
 of well recognized milking strains of
 cattle, is an element of extraordinary
 value in estimating the present worth
 of this important branch of the great-
 est industry in the country.

The World's Columbian Exposition
 at Chicago, with its sweeping suc-
 cesses for Canadian dairying, is of enor-
 mous benefit to us in Ontario who will
 profit by the lessons taught thereby,
 and follow up the tremendous advan-
 tage such an advertisement as that
 was of the Province's capabilities in
 the production of the finest butter and
 cheese.

It is not to be wondered at, there-
 fore, that the 17th annual conventions
 of the two Dairymen's Associations,
 those of Eastern and Western Ontario,
 dealing with cheese-making, and that
 of the Creameries' Association of On-
 tario, covering the whole Province in
 its scope as a gathering of butter
 makers, should this year have been
 brighter and better than any ever held
 before.

Holloway's Pills.
 Impurities of the Blood.—To ensure
 health it is absolutely necessary, that the
 fluid and solids of the human body should be kept
 free from those impurities which are continually
 getting admission into the system by erroneous
 living, unwholesome atmosphere, or disordered
 stomach. The only safe and certain way to
 expel all impurities is to take Holloway's Pills,
 which have the power of cleansing the blood
 from all noxious matters, and at the same time
 removing any irregularities which their presence
 may have already produced in any organ.
 Holloway's Pills expel all humours which taint
 or impoverish the blood, which they purify and
 invigorate and give general tone. They are
 applicable to all alike—young or old, robust or
 delicate.

OPEN LETTER TO A PATRON.

Dear Patron,—My only excuse for asking your kind attention (once more) to the subject of Provincial development, is the great importance of the question to the people of Ontario just now. We have been keeping house in this Province for twenty-five years, and so far as internal management is concerned, we have very little to complain of. Financially, we have a full treasury and large assets. Commercially, our side doors are on the latch, but the way to the world's markets by either, is long and expensive. Our front door is barred by hostile tariffs, and our back door is closed by natural barriers. We cannot remove the bar from our front door, why not open our back one? Many years ago the United States government bought Alaska, and the world laughed, and asked what the United States wanted with an ice house. Today the wealth of the Indus could not buy it back. At the back door of this province is a country ten fold more valuable than Alaska, and of untold value to us. The Americans send their ships over three thousand miles of stormy sea to reach James Bay, while by the construction of three hundred miles of railway (which need not cost us one farthing) the products of that great fish and fur producing sea can be landed right into the heart of the North American continent at one third the present cost. Now James Bay, as you are aware, lies one thousand miles south of its outlet into the Atlantic at Hudson Straits, and further south than the city of London, England, and extending south, east and west from the head of the bay, is hundreds of square miles of country rich in mineral, forest and soil, all waiting for the million that will some day occupy it, protected on the east by the mountain ranges of the Labrador country, that extends far to the north. Tomatoes and corn grow around the trading posts as they do in Ontario, while the moose tread pathways through its forests and the employees of the Hudson Bay Company traverse its streams and roads gathering stores of furs, as they have for generations past. Quebec is reaching, feeble arms from the east and Manitoba young and vigorous ones from the west to reach this goal. Now what should our policy be? Should it be stop, stand, stagnate, or shall it be push, progress, patriotism? The James Bay country is within our reach and once secured the following benefits will be ours, viz:—

1st, Thousands of men now idle will be employed. 2nd All the spare money in Ontario could have profitable investment. 3rd, A new and valuable home market would be opened for the products of Ontario farms. 4th, The population of Ontario could be doubled in twenty years. 5th, Every acre of land in the province would increase in value. 6th, We would place on the world's market the products of the sea, forest and mine, and would not crowd the already overburdened market with wheat, cheese or meat.

And now, my friend and fellow Ontarian, I will bid good-bye to this subject, but before doing so, let me venture to hope that after giving the question your careful consideration you will conclude with me that it is in the public interest to continue government grants to railways (as the Ontario government does) for colonization purposes.

Yours respectfully,

THOS. SYMINGTON.

Another Sermon by the Blue Law States man—Major Hughes Enquires Re Major-General Herbert's Utterances and Gets His Answer—further Changes in the Tariff Announced By Mr. Foster

OTTAWA, May 15.—Hon. Mr. Foster last night gave notice of following further tariff changes:

Upper leather, including dongola, cordovan, kid, lamb, sheep and calf, dressed, waxed or glazed, 17 1-2 per cent. ad valorem.

Picks, mattocks, grub hoes, adze hatchets and poles for same, and edge tools of all descriptions, 35 per cent. ad valorem.

Shovels and spades, shovel and spade blanks, and iron or steel cut to shape for same, 50 cents per dozen and 25 per cent. ad valorem.

Cane, reed or rattan, split or otherwise manufactured, 17 1/2 per cent. ad valorem.

Veneers of wood not over 1-16 of an inch thick, made from woods native to Canada, 10 per cent ad valorem.

Buggies, carriages and pleasure carts costing not more than \$50, \$5 each and 25 per cent. ad valorem.

Hon. Mr. R. Daly to-day laid on the table a return to the motion made by Mr. Lepine on April 30 for copies of all communications received by the Minister of Agriculture with respect to the establishment of the Bureau of Labor Statistics. The only correspondence on record is a memorial of the Knights of Labor, dated Quebec, Nov. 4, 1886, which reads: "That the best interests of the working classes demand an accurate knowledge of the movements and conditions of labor throughout the Dominion, and that this meeting would warmly urge upon the Government the necessity and importance of appointing a properly qualified commissioner of labor statistics at an early day."

This being private members' day was devoted to considering notices of motions, quite a number of which were passed, but were not of much general interest.

Amongst the questions asked was the following by Major Sam Hughes: What words were used by Major-General Herbert on the occasion of his recent visit to Montreal in reference to the Pontifical Zouaves? Had Major-General Herbert permission from or the authority of the Honorable the Minister of Militia to use the words he did on that occasion?

Hon. Mr. Patterson replied: I disclaim all responsibility for utterances of any officials connected with the department over

Criminal Proceedings Against De Lesseps.
LONDON, May 16.—A despatch from Cairo to a London news agency says that at the instance of certain Egyptian notables a criminal indictment has been lodged in the Paris Appeal Court against Count Ferdinand de Lesseps and the early directors of the Suez Canal for embezzling money assigned for the construction of the canal, the defaults continuing until now. Several millions are said to be involved. The case is likely to raise issues as momentous as the Panama scandal.

200 Families Homeless In Boston.
BOSTON, May 16.—Fire broke out in the "beach" seats on the baseball grounds yesterday and consumed all the buildings on the baseball grounds, including the grand stand and some 100 buildings, mostly small wooden dwellings, east of the grounds, between Walpole, Burke, Berlin and Tremont-streets. From 10 to 20 persons were injured. The fire crossed Tremont-street to the east and spread. At least 200 families are rendered homeless.
The burned area is 12 acres in extent and the damage is estimated at three-quarters of a million.

Katie Rupp's Would-Be Slayer Captured.
UTICA, May 16.—Bernhardt Altenberger, the would-be murderer who left Katie Rupp for dead in the woods at Snake Hill, N.J., was arrested on the Chicago limited train here at 10.30 o'clock last night. He confessed that he committed the assault, but could not tell why. Altenberger was caught by Ex-Jailer Jay Capron of Rome, who boarded the train at Albany and recognized him by the description printed in the newspapers. When the train reached Utica Mr. Capron called an officer and the arrest followed.

English Memorial to Canadian Heroes.
NEW YORK, May 16.—Edmund Yates cables to The Tribune: Their old comrades and friends of the Royal Military College of Canada have just placed in the south transept of Rochester Cathedral a handsome memorial to those officers of Royal Engineers who were graduated at the college, namely: Capt. W. C. Stairs, Capt. H. B. Mackay and Capt. W. H. Robinson. The first two officers died of fever in Africa and Capt. Robinson was killed in an action near Sierra Leone in March, 1892. The college at Kingston has given to the army some excellent soldiers.

Large Contracts for Nova Scotia Coal.
NEW YORK, May 16.—There have been 50,000 tons of English and Nova Scotia coal sold to arrive in New York, a portion of which has already been shipped. Negotiations are on foot for the purchase of 100,000 tons more.

Toronto Markets.
Flour—There is very little doing, with values unsettled. Straight rollers are quoted at \$2.35 net. Toronto freight, according to quality.
Wheat—Offerings are restricted and prices generally unchanged. Cars are quoted west at \$14 to \$14.50, and on track at \$16.
Wheat—The feeling is much weaker to-day, owing to the deteriorated state of British and American markets. Sales of white wheat were made on the Northern at 55c, while 55c is the nominal price west. White sold on the Midland at 60c and spring, is quoted at 51c. No. 1 Manitoba hard sold at 71c on G.T.K. and 70c on C.P.R.
Barley—Trade, quiet, with sales of No. 1 outside, west, at 41c and of feed barley at 40c outside.
Oats—The market is unchanged. Sales of mixed outside at 28 3/4c and cars on track quoted at 27c.
Peas—Very little doing. Sales are reported at Montreal equal to 55c west.
Rye—There is none offering and prices are purely nominal.
Buckwheat—Sales are reported outside to-day at 40c.
Corn—The feeling is rather easier, but no busi-

ness. At the same time, out of courtesy to my hon. friend, "Mr. Hughes," and with a desire to gratify his laudable thirst for knowledge, I will give him the exact words used by Major-General Herbert on the occasion to which he refers, when the Major-General was addressing a French-Canadian battalion in Montreal. I apologize in advance for any defects in my account:
He then read in French, amid considerable amusement, a statement of the words used, of which the following is a translation:
"You have amongst you some of those who, justly called the Nineteenth Century Crusaders, performed at one and the same time a military and a religious duty on the battlefields of Montana and Monte Rotondo, and at the very gates of the Eternal City. It is therefore your duty to be at the front and to display the military qualities of your race and its hereditary devotion to your native land."

A great portion of the afternoon session was taken up by a long speech by Mr. Charlton on a motion for a return showing the amount and value of crucible steel imported into Canada free of duty in each year since 1885 under the provisions of order in council of Nov. 6, 1885. Taking this as his text, Mr. Charlton preached a dry and uninteresting sermon on the iniquity of placing articles on the free list by order in council. He seemed to think this a very wicked thing for the Government to do and said that by degrees all the evil deeds of the Government were being found out. He wound up his oration by quoting, "The mills of the gods grind slowly, but they grind exceeding small."

Sir John Thompson: Yes, they seem to grind the Opposition smaller every time.

After recess Mr. Charlton's motion passed, as were several others of a like nature by the same gentleman. A number of other motions, for papers were carried, and Mr. Patterson's (Brant) resolution that 300 copies of the Indian Department report be distributed annually amongst the tribes having trust funds was adopted.

At half-past 9 Mr. Tarte's motion for correspondence relating to the establishment of a steamship line between France and Canada was carried and Sir John Thompson moved the adjournment of the House.

The Best Food For Children?

is worthy every parent's study; not only what they can eat, but what gives the most nourishment. No children are better, and most are worse, for eating hard-cooked food. If, however, their food is prepared with the healthful new vegetable shortening, **COTTOLENE** instead of lard, they can eat freely of the best food without danger to the digestive organs. You can easily verify this by a fair trial of Cottolene.

New Dress Goods, New Hose and Gloves, New Laces and Skirt Embroideries for little folks from 25 cents a yard, wide enough for length of skirt.

New Hats, Flowers, Tips, etc., for the Millinery Department.

New Flannelettes, New Shirtings, Cottonades, Sheetings, Tweeds, Worsted, etc.

Another shipment of great Handkerchiefs to sell at 1 cent each.

A Big Bargain in Ladies fine Embroidered Silk Handkerchiefs worth 75c for 25c

A lot of Men's Cream and Fancy Silk Handkerchiefs worth 75 cents to \$1 to be cleared at 25 cents.

Special bargains in every Department.

Corsets at 25c, 50c and 75c that can't be bought for less than 50c., 90c. and \$1.25.

Dozens of bargains that cannot be duplicated elsewhere.

Every purchaser of \$10 worth can get a picture of themselves or any friend enlarged by the Merchants Portrait Co., of Toronto. A genuine Indian Ink (not Crayon) portrait, done with Electric light and air brush. You furnish us a photograph or cabinet, best you can get. The better the picture you furnish the better the enlarged ones you get. We have had a large number done with great satisfaction to our customers, the large majority of the Photos given us being of Richardson's make, and we much prefer his to any other local artists (?) work. The company stipulate that the pictures must be framed. We furnish you the pictures framed with a first-class frame, which would cost you \$3.75 to \$4.00 all complete for \$3.50. These pictures are much superior to the so called Crayon Pictures done by some would-be-photographers, and are worth at least \$12.00. Same quality and size have been, we believe, retailed for years at \$15.

KISS'D HIS MOTHER THEN STABBED HER TO THE HEART.

A Manjue Runs Amuck With Three Knives After Jumping From a Second Story Window—Four People Stabbed Before the Madman is Captured After a Desperate Struggle.

ALBANY, N.Y., May 16.—Eugene Brady, a maniac, killed his mother, aged 65, yesterday in a fit of violence and attempted to kill four other persons. With three knives in his hands he ran wildly around the streets, cutting right and left, assaulting everyone whom he met. Before the police overpowered him he had cut his sister-in-law, Mrs. James Brady, Alfred J. V. Warner, Mrs. John Kelly and Patrick Rice. Mrs. Kelly's wounds are serious, but it is not thought they will prove fatal. The wounds of the others are not so serious.

At 3 o'clock Brady began quarrelling with his mother and sisters, and they soon determined that he was not in his right mind, as Brady's father has been insane and was released from an asylum but a short time ago. The daughter, Jennie, went to a near-by lumberyard and asked that some of the employees be sent to the house to quiet her brother. When the men entered the house Brady ran upstairs and jumped from a second story window. The men picked him up. He was unconscious and it was thought that he was seriously injured.

He revived in a few minutes, and before he could be stopped, jumped up and grabbed a common case knife, a can-opener and a carving knife. He then ran out of the house and began a wild and terrible chase through the neighborhood. He carried the case knife and can-opener in one hand and the carving knife in the other. He went along for several blocks, making attempts to cut all not quick in getting out of his way.

His mother and sister had followed him and at the corner of Vine and Green-streets a man tried to strike Brady. The sister held his hand and cried, don't strike him, preventing him from doing so. But for her act the murder might have been prevented.

The mother came running up and the infuriated man became calm and dropped all but the carving knife. The two then walked backed to the house and in the yard Brady threw his arms around his mother's neck and kissed her. He then plunged the long knife into her breast, striking her to the heart and she died in a few minutes. His sister-in-law was standing near and he slashed her on the right arm. At least 200 people saw the murder.

Brady then started on another wild chase. He was followed by a dozen men who wanted to capture him but when he turned upon them they fled. A. J. V. Warner, who tried to stop him, received a bad knife wound on the arm.

Patrick Rice was painting the stoop of a house and Brady plunged the knife into his right hip. The wound is not serious. His next victim was Mrs. John Kelly, who ran into her house as Brady approached. The latter followed and plunged the knife into her back twice as she was running up the stairs. Her wounds are not fatal.

A cobble stone thrown struck him on the head and staggered him and then the police patrol came along. It took four men to get him in the patrol wagon. He was a horrible sight, being covered with blood and his clothes being torn from his back.

WAS CALEB HARTLEY POISONED?

Died Under Suspicious Circumstances—His Stomach to Be Analyzed.

NORWICH, Ont., May 16.—Caleb Hartley of New Durham died after a brief illness under suspicious circumstances and an inquest will be held.

The doctors attending him considered the symptoms so strongly resembled those resulting from poison that they wished a coroner's inquest to be held to determine the cause of death. Dr. Kerr of Brantford was sent for and on his arrival yesterday afternoon, after viewing the remains, he summoned Dr. Haight of New Durham and Hill of Norwich to make a post-mortem examination. The internal organs likely to secrete poison were taken from the body and ordered to be sent to Toronto for analysis.

The coroner empanelled a jury, but postponed the case till the 31st inst., pending a report from Toronto.

Gaudaur Defeats Durnan by a Length in Their Heat.

AUSTIN, Tex., May 16.—A large crowd witnessed the events on the opening day of the great International Regatta. Gaudaur and Peterson were favorites in the betting for the professional races.

The program opened with a 1/4 mile race on the clear course between amateur junior shells. John McDonald of Austin won, G. Malcolm of St. Louis second. Time 12, 18 1/2.

The second race was the professional single triangle, three-mile heats. The following were the starters: J. G. Gaudaur, of Orillia, Ont., E. Durnan of Toronto, Ed. Rogers of Saratoga, J. J. Rice of Toronto, and Harry Parker of St. Louis. The men kept well together for the first mile, when Gaudaur and Durnan pulled away and gave an exhibition of magnificent sculling to the finish. Gaudaur won by a scant length, Durnan second, Rogers third. Time 21, 18.

The third race was the second professional, a triangle at 3-mile trial heats. Henry Peterson of San Francisco, John Teemer of St. Louis, George Hosmer of Boston and Fred Plaisted of Winnipeg were the starters. Peterson ran away from his champions and won by a quarter of a mile, Teemer second and Hosmer third. Time 22, 58.

The fourth race, an amateur senior single, 1 1/4 miles, was won by Fred Gastrich of St. Louis. Time 11, 05 1/2.

TUESDAY, JUNE 26, THE DATE

POLLING DAY FIXED FOR THE ONTARIO ELECTIONS.

A Short Campaign of Six Weeks.—The Date Settled at a Meeting of the Cabinet Yesterday.—Mr. Oliver Mowat's Tour of the Province to Commence the First Week in June.

TORONTO, May 16.—The date was finally decided upon at the meeting of the Cabinet yesterday.

The Ontario elections will be held on Tuesday, June 26. Nominations Tuesday, June 19.

The campaign will thus be limited to six weeks.

Candidates have been selected in almost every constituency, and in a few days every sideroad and concession line will be thronged with politicians.

Sir Oliver Mowat's tour of the province will commence the first week in June and he will be accompanied by Messrs. Harcourt, Hardy, Gibson, Ross and Dryden. His route has not as yet been mapped out, but it is understood that he will visit at least a dozen constituencies.

The last Ontario elections were held on Tuesday, June 5, 1890.

THE BROOKLYN HANDICAP.

Dr. Rice Wins With Henry of Navarre a Close Second.

NEW YORK, May 16.—The Brooklyn Handicap, the first big turf event of the season, was won by Dr. Rice in the fast time of 2:07 1/2 yesterday. Over 40,000 persons saw the race. It was an ideal day. The track was in perfect condition and there was every prospect of the record of 2:07 flat made by Dry Monopole getting lowered. The enclosure was uncomfortably crowded. All the transportation facilities were overtaxed and the work of getting to and from the track was an arduous task. The betting ring was so crowded that it was as much as a person's life was worth to attempt to make a wager. It needed the services of a rusher from a football team

DASHED TO PIECES AT NIAGARA.

Fell a Hundred Feet—His Brains Dashed Out, His Neck, Arms and Legs Broken.

NIAGARA FALLS, Ont., May 15.—Frank Ellis, 15, met a terrible death yesterday. The lad, with another named Cole, was exploring for a new path to the water's edge from the top of the precipice. Young Ellis, to make a survey below the precipice, placed one foot on a limb of a tree that hung over. He looked down and as his full weight came on the limb it gave way and he was dashed on the rocks about 100 feet below.

The body was found terribly mangled, his brains being dashed out, his neck, both arms and legs being broken and one side of the face being crushed in.

Skin Diseases are more or less directly occasioned by bad blood. B. B. R. cures the following Skin Diseases:—Scingles, Erysipelas, Itching Rashles, Salt Rheum, Scald Head, Eruptions, Pimples and Blotches, by removing all impurities from the blood from a common Pimple to the worst Scrofulous Sore.

Holloway's Ointment and Pills

For the cure of various, scalds, wounds and all the justly celebrated Ointment stands unrivalled. Its balsamic virtues, from daily use on application, null the pain and swelling, protect the exposed nerves from the air, give to the vessels the vigor necessary to heal the sore, and confer on the blood a purity which permits it only to lay down healthy flesh in place of that destroyed. Holloway's Pills, simultaneously taken, must assist the Ointment's purifying and soothing power. Together these medicines act like a charm; no invalid, after a fair trial, has found them fail to relieve his pain, or completely cure his disease. The combined action of the Ointment and Pills, in all disorders, is too irresistible to be withstood.

Rev. J. E. Hunter speaking in Belleville said: "Some people come to these meetings just to look on and criticize what they see and hear. They are always giving advice but never do anything themselves. I take advice from everybody and then do as I please."

P. McLaughlin, Brisco House, has entered his two running horses, Warlock and Rocket for the races at Kingston on the 24th. Abe, the colored jockey, well known to all horsemen in this section, will ride Warlock, and a jockey named Dagdot, of Utica, N.Y., will ride Rocket. Pat. has also entered both horses for the Napanee races for Dominion Day.

Since the Gibbard Furniture Company have opened their great sale of Furniture they have been very busy, and have had customers from Kingston and Belleville, and all are so struck with the low prices of bedroom sets, extension tables and parlor sets that they are making large purchases. Don't fail to give them a call before they commence stock taking and make your purchases.

Dr. J. D. Reid, M. P., South Grenville, has placed his resignation in the hands of Uriah Wilson and Hugo Ross. The reason ascribed is his inability to agree with the government on certain tariff items. Dr. Reid is one of the youngest and most promising members of the house. He wants protection for his starch factory. If he gets it the tories will say starch will be no dearer. If he does not get it Mr. Foster will pose as the friend of the consumer.

Now is the time to cut black knot from the cherry trees and plum trees. Directly the warm weather begins, the spores which propagate this fungus disease are ripening and spreading the evil. The branches should be burned as soon as they are cut to prevent the spores from ripening and spreading the disease. Wherever orchards are isolated there will be but little trouble in keeping trees free from this scourge. If the knot is on a large limb of a valuable tree, ker-sene or kerosene oil may be tried, and will usually give good results if persistently applied, but as a general rule there is nothing as satisfactory as the knife and

under canvas.

Miss Laura Moore who, a few days ago through a defective plank walk, fell and injured herself so that the doctor had to be called in, has recovered sufficient to again be out.

A Mistake

DEAR SIR:—In the last issue of the EXPRESS in a local notice referring to the Merchants' Portrait Co., where the names of Messrs. Hinch & Co., F. Chinnick and John Paisley were mentioned, the words "assisting to perpetrate a fraud" should not have appeared. This was an oversight and I apologize to the gentlemen for the mistake. I do not wish to do them personal injury, they are friends and customers of mine. I only intended to meet them squarely on business principles.

Yours

"The History of the Year 1893."

"No more useful handbook for any reader can probably be found than the interesting volume which The Mail is now publishing under the above title. The review of the political events of last year is such alone as to commend it to notice, while the amount of information it contains on a variety of subjects is such as to make it an indispensable companion of those who would be abreast of the times. The gratifying reception it has met with is the best criterion of its quality. Among other contributions there is a spirited sketch of the World's Fair, by "Kit," the popular author of The Woman's Kingdom, while the illustrations are beautiful and numerous." 50 cents a copy. The Mail, Toronto, Canada. For sale at EXPRESS Bookstore, Napanee.

Seekers for Gold.

The Nakusp Ledger, a paper published at Nakusp, B. C., states that E. O. Delong, formerly of Deseronto, who had been working at blacksmithing at Nakusp, was removing his smithing outfit to 59 Mile House. At that place he would form a party consisting of himself, O. N. Dulton, Thos. Forest and a fourth man—all seekers after gold. They will then start for the far north, taking thirty pack animals loaded with supplies, sufficient to last them for three years. They will follow the Caribbo road to the Forks and then head for the Arctic slope a distance of 500 miles. They expect to cut about seventy miles of trail, and count on making the difficult journey in eight weeks. They will explore the country during the summer, when winter quarters will be built and hay gathered for their horses. When too cold for mining they will trap, for bearing animals being numerous. The object of the expedition is to discover new fields for placer and quartz mining. Mr. Delong is a brother of Mr. R. J. Delong, of Richmond township.

Bay Circuit.

At the close of the last quarterly board the following resolution was carried unanimously: Moved by James McMarrin, seconded by B. Outwater, that we, the members of the quarterly board of Bay Circuit Methodist Church, at this, our last quarterly board in this conference year 1894, express our gratitude to the Great Head of the Church for the happy relations existing between our Pastor, Rev. H. I. Allen, and the people on the Circuit, and do most cordially invite him to remain another year. JOHN N. HOUGH, Recording Steward.

Will Test the Legality of Burning Fish Nets.

Mr. W. Gilbert, North Fredrickburg, recently procured a license from game warden E. H. Sills, to fish with hoop nets. A short time afterwards, Mr. Sills, on examining the net, found in it a bass, and by the authority of instructions furnished him by the Deputy Minister of Fisheries, took the net and burned it, as it is said he has done several hundred dollars worth of other nets. Mr. Gilbert, feeling himself aggrieved for having his property thus destroyed, laid an information before the Police Magistrate for malicious injury to property. The case was called on Monday for hearing and upon the application of the defendant, for the purpose of giving him an opportunity to communicate with the Dominion authorities for their authority for issuing the instructions to him, the case was enlarged until Monday the 21st inst. This bids fair to be a case of considerable importance, as other game wardens in Prince Edward and other parts of Ontario, have been acting under similar instructions, and have destroyed a large quantity of valuable property in the shape of fish nets.

Amherst Island.

The Ruri-Decanal Chapter of the united counties of Lennox and Addington assembled at Amherst Island to hold their regular semi-annual meeting on the 8th and 9th of this month, at which all the members with one exception, were present. On Tuesday evening the service was held in St. Alban's church. Evensong was said by the Rev. Arthur Jarvis, M.A., the lessons were read by the Revs. R. S. Forneri, B.D. and F. D. Woodcock, the sermon was preached by the Rev. E. H. M. Baker, B.D. Holy Communion was celebrated at 8 a.m., on Wednesday. Service was held on the evening of the same day when valuable and practical addresses were delivered by the Revs. F. D. Woodcock, J. R. Serson, M.A., and R. S. Forneri, B.D. The business meetings of the Chapter were held on the 9th, from 10 a. m. to 12 noon, and from 2 p. m. to 5.20 p. m. when several matters

relating to the work of the church within the Diocese and Deanery were considered. A deputation consisting of Reverend J. R. Serson and F. D. Woodcock were appointed to visit North Addington and inquire into the state and need of the church in that part of the Deanery and report to the Rural Dean. At the close of the meeting the following resolution was passed.

"That our cordial thanks are due and hereby given to the Rector, Rev. Stearne Tighe, and the various families of Amherst Island who so hospitably entertained the clergy assembled at this meeting of the Ruri-Decanal Chapter of Lennox and Addington."

It is intended to organize a Branch of the Woman's Auxiliary of the Board of Domestic and Foreign Missions on the Island on Thursday, the 17th inst., at St. Alban's rectory, for which purpose Mrs. T. D. Woodcock, organizing Secretary for the Diocese of Ontario, will attend.
